Introduction to your Reusable Name Badge System

Imprint Plus and Sonesta have worked together to offer a versatile, cost saving, and on-site name badge solution for you. Our professional, sustainable, reusable, and innovative name badges make your staff standout.

How does the name badge work?

Four easy pieces:

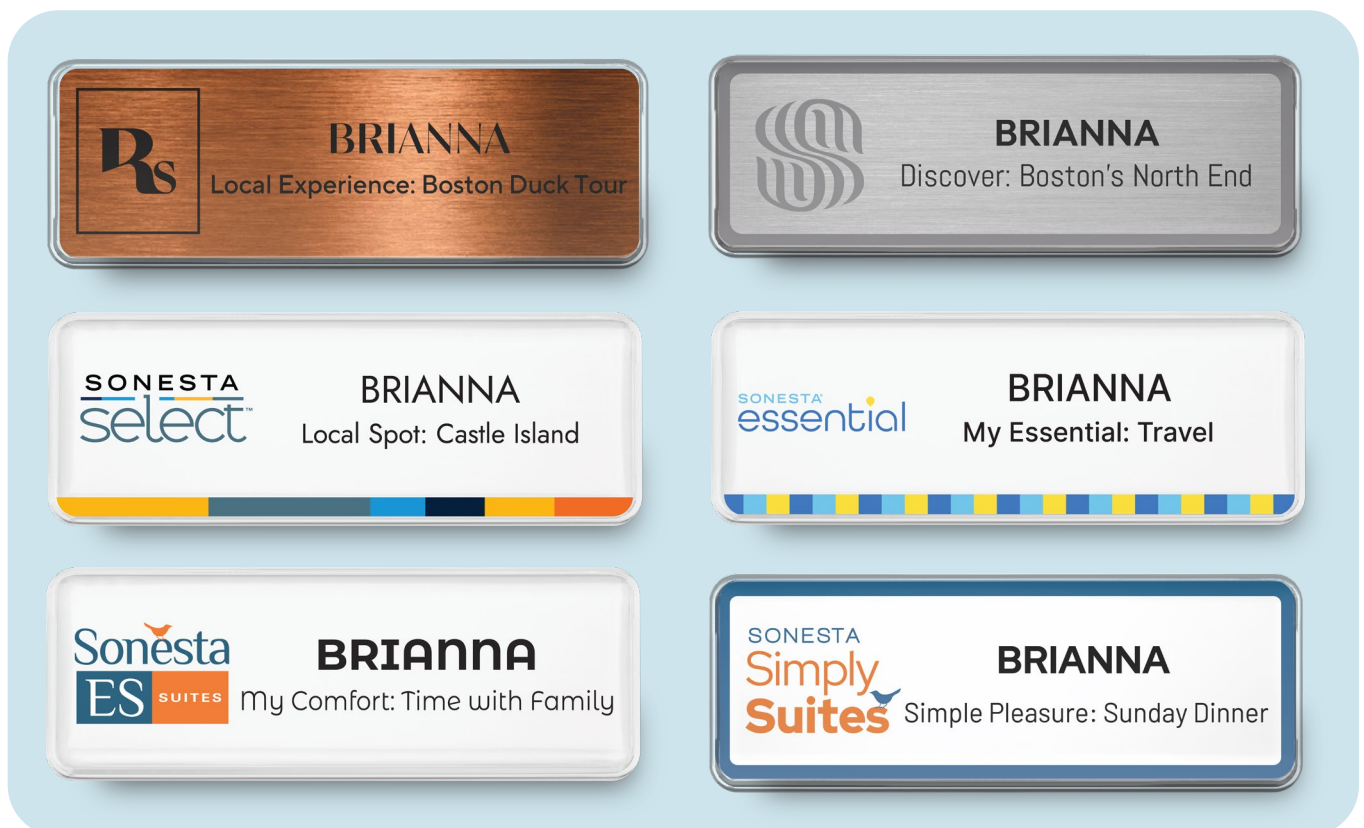

1. Elegant domed Lenscover
2. Clear non- adhesive insert label where you print your name, title etc.
3. Back plate with brand logo printed
4. Complete with either one of our signature magnetic or black pin fasteners

All this ties in with our NPG Cloud personalization software, that aligns your printer and allows you to input names, titles, pillars and print to your insert.

SECTION 2: Your brand standards guaranteed

Your name badge design has been approved by your Sonesta management team. Brand compliance is guaranteed.
