

EDIKIO GUEST SOFTWARE

THE FIRST CARD CUSTOMIZATION SOFTWARE DEDICATED TO THE HOSPITALITY SECTOR!

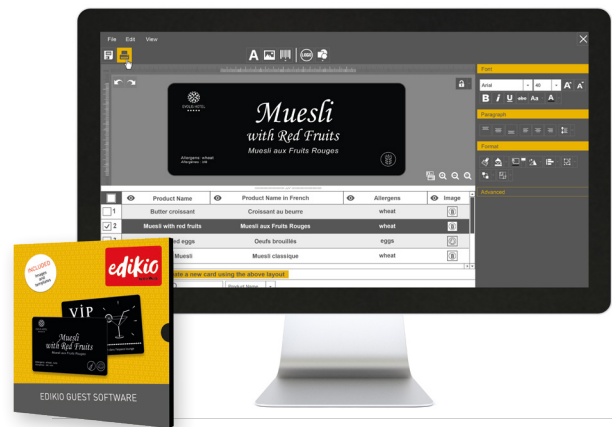

AN EASY WAY TO CREATE ALL YOUR BUFFET TAGS AND CARDS.

With Edikio Guest software you can customize visually appealing presentation labels for buffets and cards for a wide range of uses, in a just few clicks.

These labels and cards are then printed on plastic in credit card format (85.6 mm x 54 mm) or long format (120 x 50 mm and 150 x 50 mm).

Edikio Guest software gives you:

- A harmonious look for your buffets: batch print from one or several templates
- An improved level of information for your customers: customize your tags easily
- A way of showcasing your establishment's offers and services: use the software's many available templates

Software designed for hospitality professionals

Create, print and manage all the labels and cards you need for your business using the same software:

- Buffet labels
- Cards customized with customers' names for events
- Promotional or gift cards
- VIP Cards
- Cards for access to hotel facilities (well-being area, casino, golf course, etc.)
- Graphic customization of room cards, and more

Easy to understand and use

Edikio Guest software is as easy to use as the most common office software. Its ergonomic interface intuitively presents all the features.

At startup, get up and running in no time with a wizard that helps you create your cards.

Thanks to the database integrated in the software, you can print several labels from the same template.

Edikio Guest software also offers you a tool to automate allergens display directly on your buffet tags.

Varied and customizable content

The Edikio Guest software includes an extensive library of specific templates and images:

- Library of pre-designed and fully customizable templates (buffet labels and other uses) in monochrome (Start and Plus Editions) and color (Plus Edition)
- More than 350 images to illustrate all hospitality activities
- Available in 22 languages
